## Count in jumps of 2's up to at least 20 and $\mathbf{1 0}$ 's to $\mathbf{1 0 0}$, starting at 0.

- Use the hundred square below to help spot the patterns in numbers when counting. Emphasise the units when counting aloud and the 'ty' when counting in tens.
- Look at the pattern in the tens digits when counting in tens to help to know what comes next (EG, 10, 20, 30, 40..... goes 1, 2, 3, 4 tens).
- Count in twos as you go up and down the stairs (for your feet).
- Write the sequence you are counting in on post-its and get your child to order them. Remove one post-it and see if they can spot the missing number.
- www.woodlands-junior.kent.sch.uk/maths/interactive/numbers. (Spooky Sequences that count in 2's or 10's) www.ictgames.com/counting Plenty of counting games to choose from here - try Fairies in the Fog 2 or 10. www.topmarks.co.uk/maths-games/5-7-years/sequencing-numbers Play Rachel Rocket (although be aware that some of the sequences start from odd numbers so perhaps let your child skip those for now).

## Extensions for when you have achieved ALL the skills.

- Learn to read and spell the words for the number names from 0 to 20. (try www.topmarks.co.uk/maths-games/5-7-years/counting and play Blast Off.
- Read and write the numerals for each number to 20.
