

Word of the Day

Tuesday 12th May 2020

Environment

There are 3 different meanings for this word.

Definition:

1. The things and conditions that are all around one.

*The cuddly toys and family pictures on the walls make her bed room a happy **environment**.*

2. Everything that surrounds a particular type of living thing and affects its growth and health.

*Tropical birds like living a rain forest **environment**.*

3. All the things together that surround animals and humans in the natural world, including the air, the water, and the soil

*Dropping litter harms the **environment**.*

Challenges:

Choose one:

- Make a poster or a video explaining how we can look after our planet.
- Choose an environment such as the desert or your garden and list or draw all the living things you will find.
- Design your perfect bedroom.
