coastline

Definition:

the outline or shape of a coast.

"I would love to hike along the Sussex **coastline**."

Challenges:

Words within Words: How many other words can you make using the letters from this word?

Geography Spotter: Can you list the physical and human features in the two pictures of our local **coastline**?

Illustration: Search pictures of the Sussex **coastline** and see if you can recreate it. What will you use; paints, pencils, pastels, or maybe make a collage or a 3D model of it?
