

## Word of the Day

Friday 10<sup>th</sup> July 2020

### Definition:

Rare or different from most other things. "He wore an unusual outfit and travelled on a unicycle!"

### Challenge:

A dog chasing a squirrel would be usual. A squirrel chasing a dog would be unusual! Can you think of something usual and then swap it round to make it unusual? You could play a game with someone else; they have to say the usual and you say the unusual!
